<- must measure 50 mm

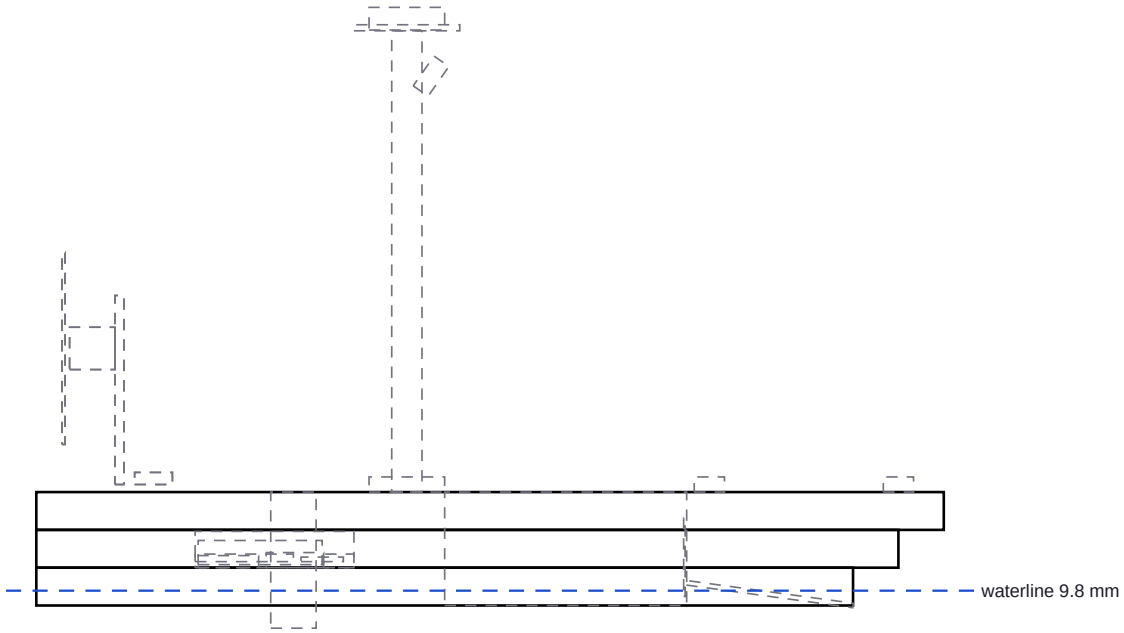

VARUNA U-Hull Block

600 x 300 mm thermocol boat | Easiest to build

PLAN (from above), scale 1:5

SIDE, scale 1:5

Size	600 x 300 mm, hull 75 mm tall, 396 mm to GPS top
Weight	1144 g empty, 1451 g with 307 g of plastic
Draft	9.8 mm empty, 12.4 mm full
Reserve buoyancy	6.7 kg before the deck goes under
Stability (GM)	833 mm: very stable
Trim	bow 6.2 mm higher than stern empty; slide the battery to level
Collection	1.54 L basket
Camera	340 mm above water, tilted 35 deg down
Battery	LiPo 3S 2200 mAh (24 Wh), about 0.8 h
Thermocol	3 sheets 1000 x 500, or 1 sheet 2 x 3 ft (610 x 915)

How to use these templates

1. Print at 100% / Actual size. Check the 50 mm bar with a ruler.
2. Join tiles by matching the grey 50 mm grid and the tile letters.
3. Stick the paper on thermocol with a glue stick.
4. Cut with a hot-wire cutter or a new snap-off blade, held upright.
5. Stack layers on skewers through the + holes. Glue with Fevicol SH.
6. Never use Fevikwik, spray paint or solvent glue: they melt thermocol.
7. Sand the bow steps smooth, coat with PVA + tissue or packing tape, then water-based acrylic paint.
8. Float-test in a tub before fitting the electronics.

- cut line
- cut out (window / pocket)
- fold / glue line
- placement guide, do not cut
- skewer hole: lines up the layers

<- must measure 50 mm

ruler in mm: the 0 to 150 marks must be exactly 150 mm apart

100 mm x 100 mm

How to print on A4 so every part comes out real size

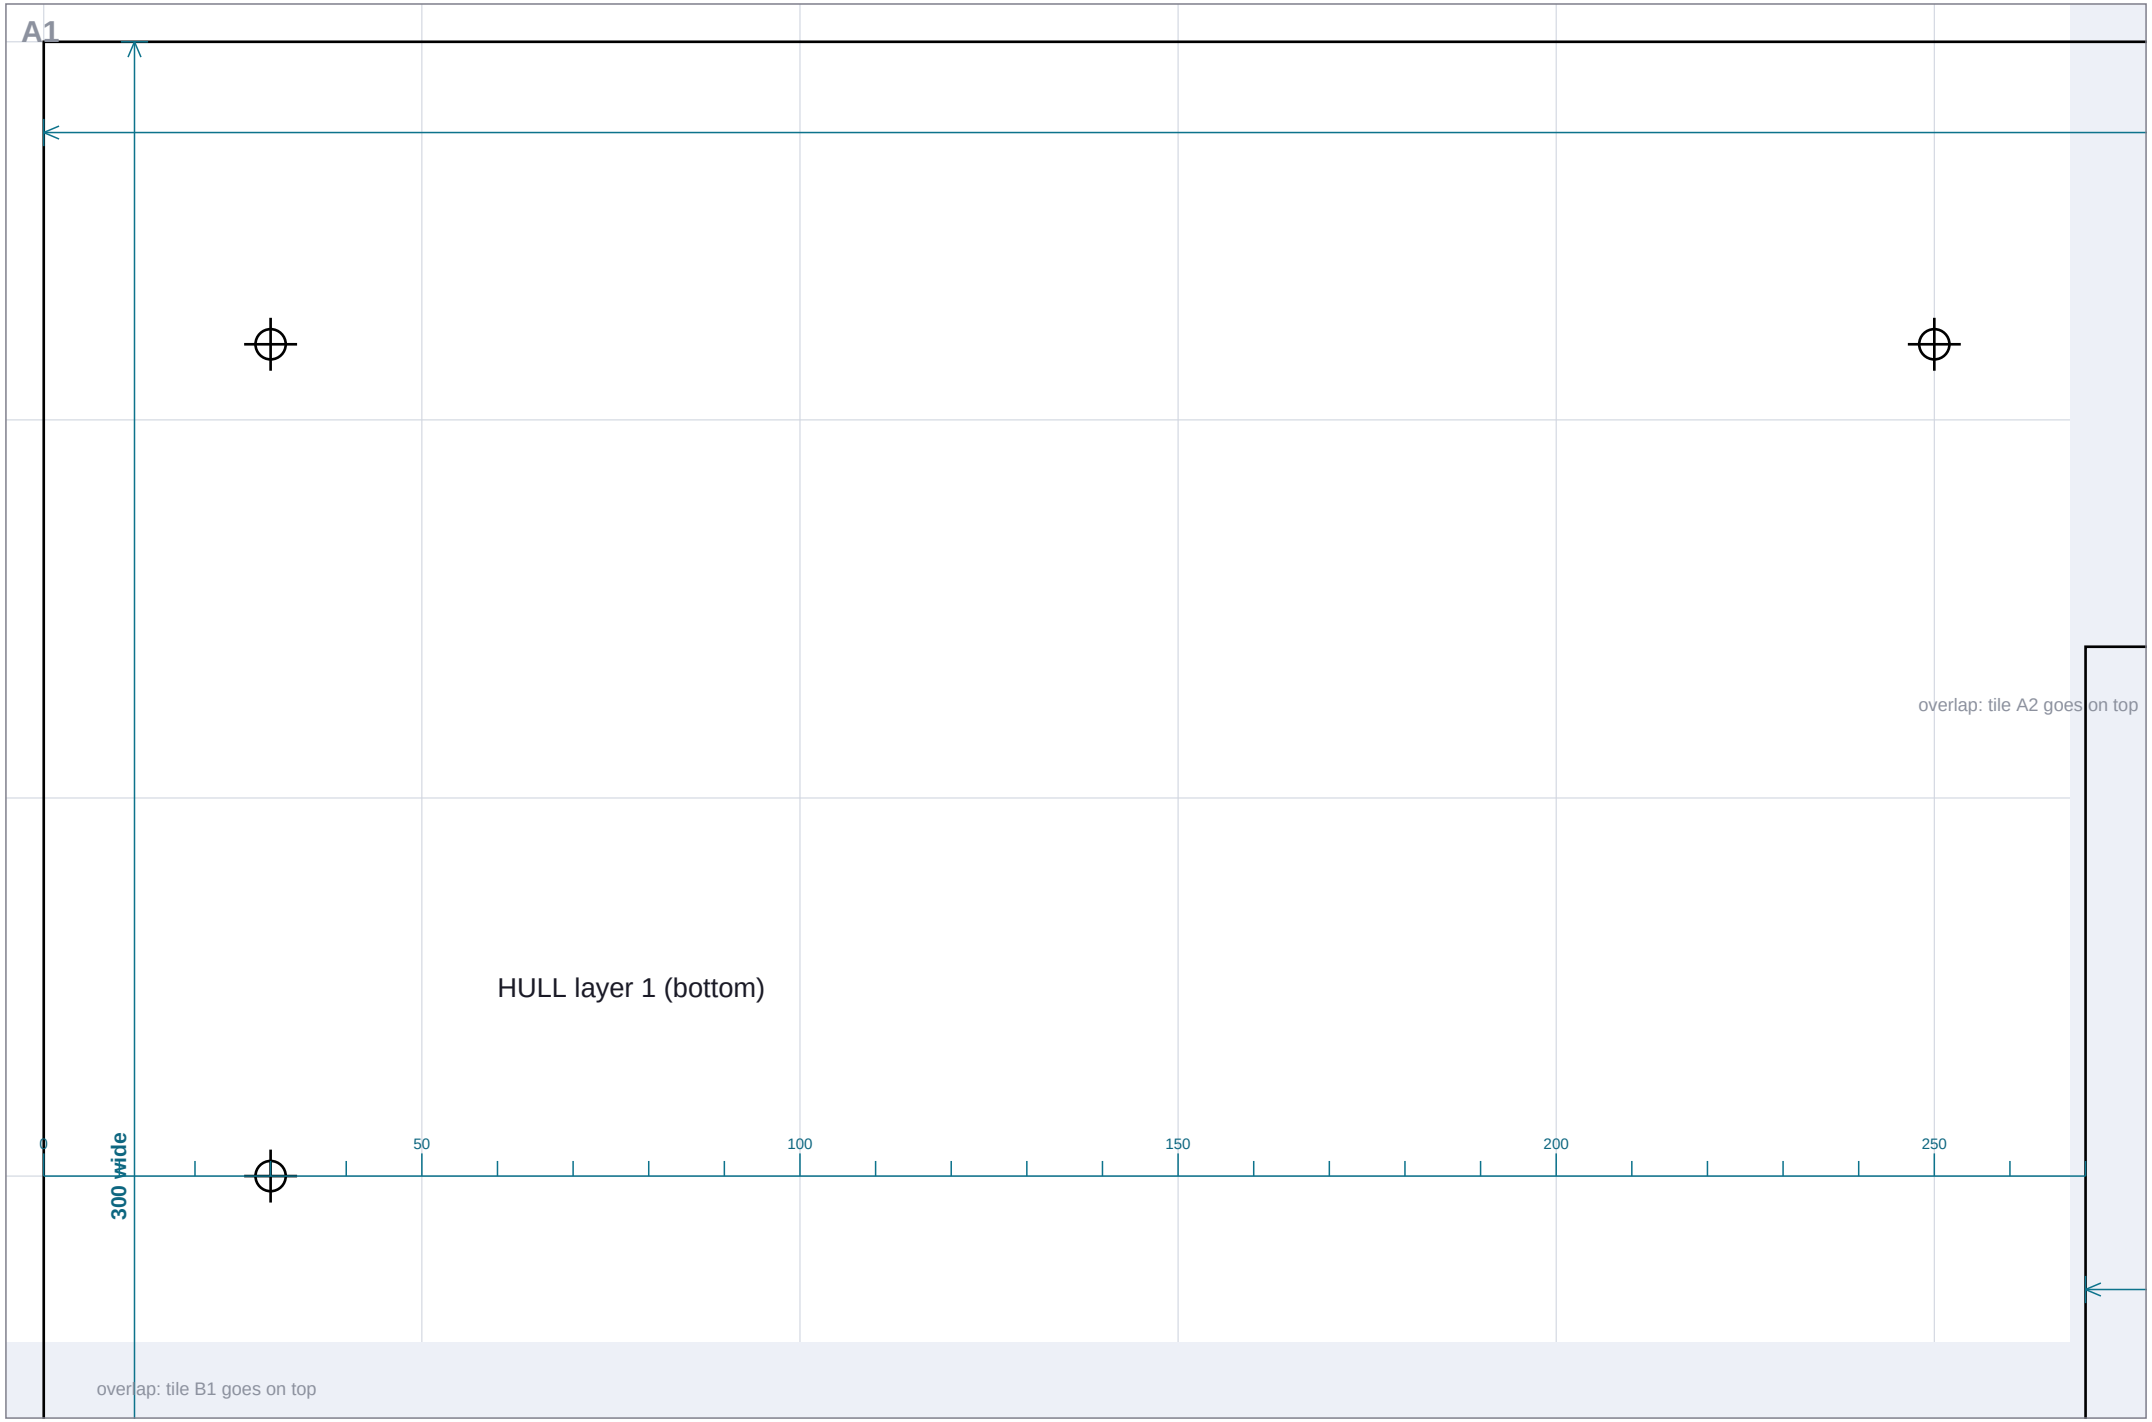

1. Paper: A4, landscape. Printer: 'A4' selected as the paper size.
2. Scaling: 'Actual size' or '100%'. Turn OFF 'Fit to page', 'Shrink oversized pages' and 'Fit to printable area'. On a phone, choose 'Original size' / 'Do not scale'.
3. Print this page only. Measure the square with a steel ruler: both sides must be 100 mm, and the ruler marks must match your ruler. 1 mm off is fine; more is not.
4. If it is wrong, fix the printer setting and print this page again. Do not go on.
5. When it is right, print all the other pages with the SAME settings.
6. Big parts are split across pages (tiles A1, A2, B1...). Cut each tile on its border, lay the next tile over the grey overlap strip, line up the grey 50 mm grid and the measurement ruler, and tape it. Check the long measurement with a tape before cutting.
7. Glue-stick the paper on the thermocol, cut along the solid black line, cut out the red parts, and push a skewer through every + mark.

Line types:

- cut line
- cut out (window / pocket)
- fold / glue line
- placement guide, do not cut
- skewer hole: lines up the layers
- measurement (mm), do no
